

# BUNDLE & SAVE!

**DESIGN PLUS DRAFTING**  
RENOVATIONS EXTENSIONS ADDITIONS

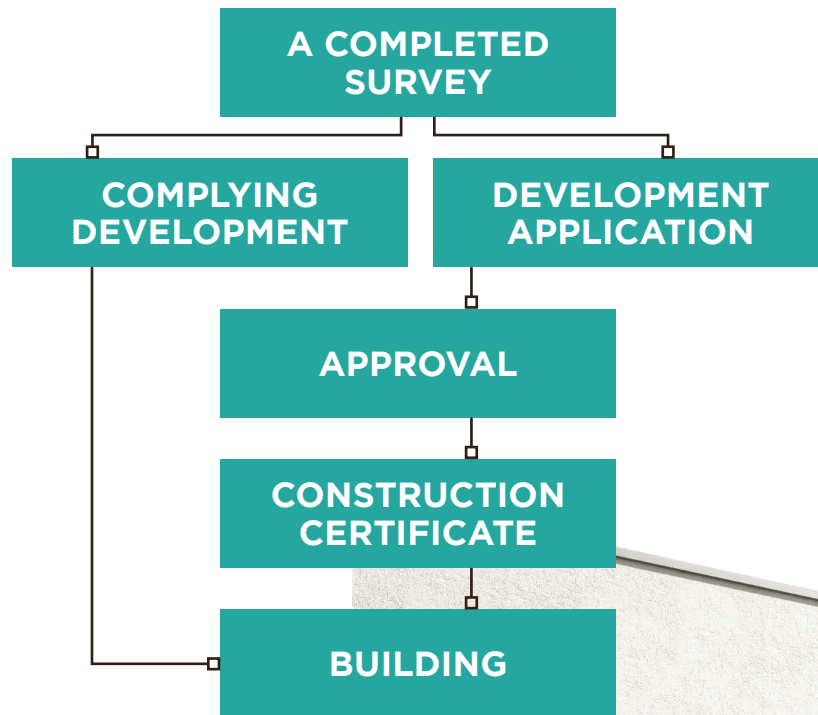

THERE'S A COUPLE OF STAGES TO GETTING YOUR BUILD UNDER WAY DEPENDING WHICH PATH YOU TAKE.

A complying development (through a private certifier) will take you straight to building.

However a Development Application (DA) (with council) is a longer process. The DA gets the layout of your new home or renovation signed off.

Once your design is approved the next step is to complete the construction certificate which allows you to build!

For either process we need a survey completed by a registered surveyor to locate your home within the property boundaries. All architectural plans will be based on this essential document.

**IF YOU BUNDLE YOUR SURVEY, DA AND CC OR SURVEY AND CDC WITH US IN ONE CONTRACT**

**WE'LL KNOCK 10% YOUR TOTAL PRICE!**

**DEPENDING ON YOUR BUILD SIZE THIS COULD SAVE YOU A COUPLE OF GRAND!**
